7. SERVICES OFFERED

7.1. Nutrition Services

Our students and staff benefit from four-course meal menus in return for contribution fees determined over the years. Meal production is performed through service procurement under the Public Procurement Law No. 4734. Meals prepared under healthy conditions and under the supervision of a food engineer in the kitchen furnished by our Department in the Central Dining Hall Building are transported to all other dining halls from here. Services are provided in a total of 15 student dining halls and designated staff sections within student dining halls. The Meal Inspection Commission, comprising Academic and Administrative staff of our University, conducts periodic inspections to verify that meal service complies with the provisions specified in the administrative specification of the procurement tender. Monthly meal lists prepared under the supervision of our Department's food engineer and dietitian emphasize seasonal products and ensure menu diversity.

7.2. Canteen and Cafeteria Services

Inspection and price determination procedures for 21 canteens operating under the supervision of our Department are carried out through relevant commissions.

7.3. Student Communities

All types of activity applications requested by student communities established with the approval of the Culture and Arts Commission are submitted to the Culture and Arts Commission by the Department. Within the scope of events approved by the Commission, support is provided in areas such as hall allocation, material supply, vehicle allocation, poster and invitation printing, and announcements.

7.4. Spring Festival

Spring festivals held in May every year considering the Academic Calendar are continuously enriched. While our own communities form the core component, colorful activities are held with guest artists from various fields and popular figures from the entertainment world every year.

7.5. Erdoğan Akdağ Congress and Culture Center Services

Upon request by University units, student communities, and other institutions and organizations, hall allocation procedures at Erdoğan Akdağ Congress and Culture Center are carried out, maintaining halls ready for use. Additionally, the Youth Office operating under the Yozgat Provincial Directorate of Youth and Sports is located within the Congress and Culture Center.

7.6. Sports Services

Every year, within the scope of Sports Festivals, tournaments in football, volleyball, basketball, table tennis, tennis, badminton, chess, etc., are organized. Sports festivals conclude with an award and trophy ceremony. Support is provided for sports events planned by Student Communities.

7.7. Social Services

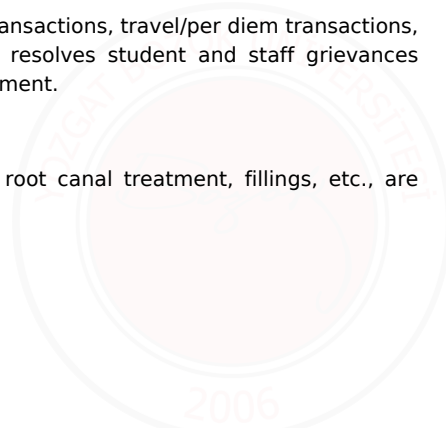

The University provides job opportunities to students in need in line with their education, areas of interest, and University needs. Within the framework of the last paragraph of Article 47 of Law No. 2547, the University Executive Board decided to employ 200 students under "Part-Time Student" status in various units of the University during the 2025-2026 academic year.

7.8. Purchasing and Accrual Services

The Department conducts meal tenders, purchasing transactions, advance payment transactions, travel/per diem transactions, and service accrual transactions. It also tracks procedures related to meal cards, resolves student and staff grievances regarding dining, addresses turnstile issues, and gathers data related to meal management.

7.9. Health Services

Within the Medico-Social Center of the Department of Health, Culture and Sports, root canal treatment, fillings, etc., are provided to students and staff by a dentist.

IV. ASSESSMENT OF INSTITUTIONAL CAPACITY AND CAPABILITY

A. STRENGTHS

- Inclusion of Erdoğan Akdağ Congress and Culture Center, where social and cultural activities are held, within our Department.
- Presence of student communities with the willingness and capability to organize activities.
- Possibility/opportunity to cooperate with external stakeholders.

B. AREAS OPEN TO DEVELOPMENT

- Inadequacy in the number of administrative and technical personnel.
- Inability to allocate detached rooms/study spaces to all student communities.
- Inadequacy of the budget allocated for social-cultural activities and sports activities.

C. EVALUATION

Financial adequacy is of great importance for expanding the services carried out by the Department of Health, Culture and Sports and continuously improving the quality of services offered. With the increase in community events, budget insufficiency issues will arise. The number of personnel must be increased to carry out services without disruption.

D. SUGGESTIONS AND MEASURES

Studies should be conducted to ensure the contribution and participation of external stakeholders in organized events.

INTERNAL CONTROL AND ASSURANCE STATEMENT

As the Spending Authority, within the scope of my authority, I declare that the information contained in this report is reliable, complete, and accurate. I report that the resources allocated to our spending unit from the administration budget for the activities explained in this report have been used effectively, economically, and efficiently; that the internal control system within the framework of my duties and authorities provides sufficient assurance regarding the legality and regularity of administrative and financial decisions and related transactions; and that process control is effectively implemented in our spending unit. This assurance is based on my knowledge and evaluations as the spending authority, internal controls, internal auditor reports, and information within my knowledge such as Court of Accounts reports. I declare that I have no knowledge of any matter not reported here that is detrimental to the interests of the administration. (Yozgat – 30.01.2026)
