

Quality Assurance Policy

Yozgat Bozok University is committed to establishing, implementing, continuously improving, and sustaining an effective quality assurance system across all areas of education, research, community engagement, and administrative services.

KEY STRATEGIC OBJECTIVES

1

High-Quality Education: Provide education that equips students with contemporary knowledge, skills, and competencies.

2

Scientific Research & Innovation: Promote excellence in research, knowledge production, and academic development globally.

3

Student-Centered Administration: Deliver transparent, accountable, and continuously improving administrative & support services.

4

Stakeholder Engagement: Enhance satisfaction by actively incorporating feedback from students, staff, alumni, and employers.

5

Evidence-Based Improvement: Foster a culture of continuous learning using performance evaluation and effective risk management.

6

Sustainable Resource Management: Ensure efficient use of institutional resources with strong environmental awareness.

7

Global Standards & Collaboration: Support international accreditation, partnership, and recognized quality practices.

8

Ethical & Innovative Culture: Cultivate an institutional culture based on participation, innovation, ethics, and social responsibility.

Recognition & Recognized Standards

Yozgat Bozok University regards quality assurance as an ongoing journey, maintaining management practices in full alignment with the standards set by the **Turkish Higher Education Quality Council (THEQC / YÖKAK)** and international quality assurance principles.
